

Contest Rules, Terms and Conditions

"SVILUPPO L'IDEA"

1. Purpose and content

La Più Sviluppo S.a.s., in collaboration with the Department of Control and Computer Engineering (DAUIN) and Prof. Claudio Giovanni Demartini, sponsors the "DEVELOP THE IDEA" prize with the purpose of fostering the creation of a network between Small Medium Enterprises (SMEs) and Politecnico di Torino as a research entity. The Prize will be awarded according to the present terms and conditions (hereafter, "the Rules"). The purpose of the Prize is to reward the most innovative or research-oriented projects developed by the students during the "Information Systems" course, held by Prof. Claudio Giovanni Demartini and Dr. Lia Morra at the Politecnico di Torino, during the academic year 2019/2020.

2. Prize

Winners selected by the Technical Committee will be rewarded with an Apple tablet of the commercial value of (approximately) € 300.00 (Three hundred)

3. Admission criteria and section

This competition is reserved to students who are regularly enrolled in the course "Information Systems", held by Prof. Claudio Demartini, for the academic year 2019 / 2020, regardless of their nationality, age, or any other factor. If the project is carried out by a Team, all team members have to participate in the contest and each member of the winning team will receive an individual prize.

4. Duration

Students wishing to participate in this competition must submit the complete application form no later than 10/11/2019. Projects submitted after this date will not be taken into consideration for the contest. The competition will end with the declaration of the winning Team, as detailed in the Rules.

5. Application form

In order to compete, the students are required to complete, sign and submit the application form, which is an integral part of the Rules. Each team must submit a single application form, including the personal data of all team members. The application form will be available:

- on the Teaching Portal along with the course material
- on the website www.piusviluppo.it
- during the labs

6. Terms and conditions for submitting the application

The application form must be submitted by the a member of the Team no later than November 10th 2018 at 11.59 pm. The application form must be sent by e-mail to PRIME@PIUSVILUPPO.IT before the deadline indicated above.

In the case of projects carried out in groups of more than one participant, each GROUP must submit their application form, within the terms indicated, under penalty of exclusion of the individual from the prize eventually won by the group.

The submission of the application form entails the acceptance without reservation of the conditions indicated in these Rules.

Participation in this competition is FREE.

7. Methods of proceeding the competition

Each Team will present the projects developed during the course to a Technical Committee comprising members of Più Sviluppo and the representatives of 4 leading companies in the sector of the Automation, IT and Areospace. For more details about the Technical Committee, please refer to Article 9.

Each group will have at their disposal a set amount of time to illustrate their idea, as follows:

1) a first presentation, to introduce the idea and overall concept to the technical committee, will be held approximately between 19/11/2019 and 11/12/2019. The exact date and place will be communicated on the Teaching Portal and also sent to the corresponding e-mail indicated in the application form.

2) a second presentation, to present the final project to the technical committee, will be held approximately between 18/02/2020 and 23/02/2020. The precise date and place will be communicated through the Teaching Portal and also sent to the corresponding e-mail indicated in the application form.

During the presentations, a demo of the prototypes and software developed during the project must be provided.

3) The technical committee will choose the three best Teams within 20 days from the final presentation of the last project; the best Teams will give an additional presentation of the projects and prototypes. The date will be communicated on the course website and also by e-mail from the technical committee.

At the end of this last presentation the best Team will be chosen, the result will be published on the Teaching Portal and by email, and the members of the group will receive the Prize in the manner indicated below.

8. Exclusion reasons

The following factors will lead to the exclusion of a single participant or of the entire Team from the competition: - failure to present the projects according to the present terms and conditions;

- failure to comply with the procedures indicated in the Rules;
- incomplete or incorrect completion of the application form for the competition.
- the number of participation Teams is less than 5.

9. Technical Committee and selection procedures

The selection of the Prize winners will be made by a Technical Committee composed of 6 members:

1- A representative of the company CECOMP SpA - www.cecomp.it

2- A representative of the company MOVI SpA - www.movispa.it

3- A representative of the company STC Srl - www.stc-srl.eu

4- A representative of the company RAND SOLUTIONS Srls- www.randsolutions.it/

5- Two representatives of Più Sviluppo, the organizer of the award - www.piusviluppo.it

The selection of the winners made by the Technical Committee will be based on the evaluation of the presentation of the project and of the prototype. The evaluation criteria will be based on:

- Quality of the Idea
- Innovative Potential
- Evaluation of the potential market impact
- Quality of the overall presentation

The judgment of the Technical Committee is unquestionable.

10. Evaluation results

The ranking of the results will be published on the website of the course on the Teaching Portal and communicated via email, which indicates only the best 3 participating groups. The winner / winners will be announced within 30/03/2020 and the news will be published within 7 (seven) days following the announcement.

11. Conditions and terms for awarding

The tablets will be provided by Più Sviluppo S.a.s. and the award ceremony will take place after 20 days from the publication of the ranking.

The winners will be contacted to receive the prize.

12. Indemnity and release

Students taking part in the competition have to:

a) guarantee the ownership and originality of the proposed and prototyped projects, relieving the organizers from any responsibility in this regard;

b) authorize any use and diffusion by Più Sviluppo s.a.s, of their name and image, for the purposes of institutional communication, publications related to the initiative, the promotion of the project and the activities of the organizers, through the ways such as the publication on the website and on the social networks of the owner, as well as through publication in the press, on the web and on television, also by the third parties.

13. Disclaimer

The promoting entities decline all responsibility for the use of material covered by industrial or intellectual property rights or other rights, as well as damaging to third parties' rights; the damages caused to things and people by the students.

14. Final provisions

The promoting entities of the competition will have the right of final decision on everything not specified in these Regulations and / or in the attached application form. The organization reserves the right to make modifications to the Regulations if it's necessary, which will be communicated on the website dedicated to the course, and by e-mail to the addresses indicated in the application form.

15. Information and contacts
